CLLOUD MIGRATION

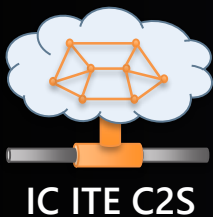

BUILDING THE FUTURE OF GEOINT

S2 is currently leading the Enterprise IC ITE Migration Team and advising Mission Systems Program Offices on migration assessment, planning, and execution.

- **Our Solution Architects and Migration Engineers are AWS trained/certified for C2S migrations.**
- **S2 provides a Scaled Agile Cloud Migration lifecycle with 4 delivery phases per major iteration:**

Proof of Concept, Application Migration, Data Migration, and Platform Tuning.

S2 is an AWS Partner and led the 1st successful migration of an operational mission system to IC ITE C2S.
